Cheers to a Successful Gala - Highlights from our 2024 Gala for SACH!

We are so happy to share our 2024 Gala for SACH was a huge success! A big thank you to all who attended!

Our Gala for SACH brought together community leaders, supporters, and beneficiaries to celebrate India Home's commitment to empowering South Asian and Indo-Caribbean elders. **Together, in an afternoon full of fun and festivities, we fundraised nearly \$250,000 for the renovation of India Home's space, which will become the South Asian Community Home (SACH)!** This state-of-the-art facility will centralize and expand the organization's life-affirming programs for South Asian elders.

Check out the snapshots from our gala below or [click here to watch a recording of the event!](#)

HONOREES HIGHLIGHTS

***DJ, Producer, and Curator DJ Rekha** received the prestigious Visionary Leadership award for their contributions and dedicated support to the South Asian community*

"India Home has filled an empty corner in a lot of senior's lives. I know what they have felt, I'm 90 years old and India Home is very much a part of my life."

- Kamla Motihar, Legacy Donor

"We cannot apply a one-size-fits-all approach in addressing the needs of a community as vast and diverse as our older adult population. Our immigrant communities, including our South Asian immigrant seniors, deserve culturally competent care. That is why India Home's work is so vital; it creates spaces where our elders are not just cared for, but where they are seen, heard, and valued. Supporting our seniors has always been my priority, and I was so proud to further support them in this year's City budget. The City Council have advocated for and allocated over \$160,000 in funding to India Home,"

- Adrienne Adams the Speaker of the New York City Council

"From food insecurity issues that led us to start food pantries, we noticed that seniors were a large part of the demographics we serve. Seniors also face other problems, such as mobility and health issues. This segment of society is really in need. We should do something to make their lives comfortable"

**- Mukund Padmanabhan, Founder & President of
Guru Krupa Foundation**

For over sixteen years, India Home has been a trusted resource for seniors and their families, offering a wide range of support to promote independence, dignity, and well-being.

The SACH gala's success has bolstered India Home's efforts to expand our services and reach more seniors in need.

Another heartfelt thank you to all our sponsors and donors who made this event possible!

*With gratitude,
India Home Team*
